

# QUESTIONS FOR STUDENTS

# Questions for Students

---

- After hearing the question, pause the video and attempt an answer.
- Afterwards we'll go over some general advice for the question.

# Questions for Students

---

- Why did you choose this profession/major?

# Questions for Students

---

- Why did you choose this profession/major?
  - Be honest unless you fell into it. In that case, be honest anyway, but show you have an abundance of enthusiasm about being part of the field and are highly motivated to succeed.

# Questions for Students

---

- What subjects did you enjoy the most and which did you enjoy the least?

# Questions for Students

- What subjects did you enjoy the most and which did you enjoy the least?
  - This is a question that may define your strengths and weaknesses, so use caution when you respond. Be sure to align your subjects that you liked with the position. For the ones you like the least, choose the ones that have no bearing on your future with the company.

# Questions for Students

---

- What's your greatest achievement in school?

# Questions for Students

---

- What's your greatest achievement in school?
  - This is an opportunity to show off with confidence, emphasize the things you want to highlight overall. Go for it and don't hold back!

# Conclusion

---

- Good job!
- Up next, special case questions!
