

NETWORKING EVENTS

Networking Events

- Networking events and sites can bring you in contact to people directly involved in the industries you're interested in!
- Let's discuss some popular tools!

Conferences

- ❑ Consider going to a conference to meet people in your industry.
- ❑ Many conferences also have Hiring Fairs
- ❑ For example:
 - PyCon
 - PyData

MeetUps

- ❑ One of the original sources for networking is www.meetup.com
- ❑ Look up programming languages and topics you're interested in!

Eventful and Eventbrite

- Not as many “like-minded” group events as MeetUps but has more professional and official events.
- May need to buy tickets for those events

Events

- Make sure to at least create a MeetUp profile and get notified of relevant meetups in your area!
